# ***“Who We Are”***

Allspice Institute have been educating over 20,000 students successfully since 2008 ... our teachers are dedicated educators, creating a holistic learning environment for our students.... and have won various awards and recognition for our work in the community....

# AEIS Admission

- International Students must sit for the Admissions Exercise for International Students (AEIS) in order to gain admission to Singapore's Secondary 1 to 3 in the following academic year.
- AEIS courses are offered by some certified Singapore institutes, normally a 6-month module, and can be repeated until a pass is achieved.
- The AEIS exam is held twice a year, typically in March and September of each calendar year. Students will be placed into suitable level of AEIS courses according to their age groups and linguistic ability.
- For Secondary school entry, students will only need to sit for AEIS (a) English and (b) Mathematics examinations.
- Once passed, the student will be offered a place in a local government school.

# Advantages of a Singapore Education Experience

- English as the medium of instruction
- High quality public education system that is internationally recognized and valued
- Exposure to a rich and colourful multicultural society to ensure student becomes a world citizen
- Safe, secure and stable living conditions
- Access to world- class Polytechnics and Universities for continuous growth and learning that guarantees a bright future
- A more value option than studying in similar quality education systems in the UK
- A learning experience that builds character, independence and well-roundedness
- Opportunity to apply for Singapore PR Status (Subject to Singapore Govt T&C)
